# JJ NICHTING STUDENT TECHNICIAN

## Sponsorship Program

Ag Diesel Tech Program

### *What it is*

The JJ Nitching Co Student Technician Sponsorship program is available to students wanting to pursue an Associate's degree in Diesel Technology and ultimately a career in the agriculture service field. This program provides training and work experience through classroom study and on the job work study. The program allows for paid work study during scheduled school sessions and summer breaks. This program provides the ability to have your education paid for during a rewarding career with JJ Nitching Co as a highly trained and efficient technician.

### **JJ Nitching Co provides the student with:**

- Tuition Reimbursement
- Up to \$25,000 Amortized pay back over 5 years upon completion
  - Must be employed for entire 5 years for full payback
    - Starter Tool Set - SCMK3CA - \$6760.00 Value
      - Paid Internship / work study
      - Uniform program
      - Case IH Product training
  - On successful completion of the program, an offer of employment will be extended

# Qualifications Required:

- Enrollment in an Ag Diesel Technology Degree Program or related discipline
- Maintain a 2.5 grade point average or higher
- Strong Mechanical aptitude
- Ability to provide quality work and think logically
- Strong verbal and written communication skills, along with a high level of computer literacy
- Demonstrate strong organization, decision making, and problem-solving skills
- Demonstrate ability to prioritize work and meet deadlines efficiently and cost effectively
- Attention to detail and a high level of initiative and ability to work independently
- Punctual
- Ability to work extended hours when needed
- Ability to perform in a fast-paced work environment
- Ability to respond quickly, accurately, and professionally to demands and requests from customers and employees

# Job Duties:

- The individual will learn product knowledge
- Identify equipment brands/attributes/descriptions/parts
- Learn and understand service computer programs
- Participate in department demonstrations and trainings, as applicable
- The individual will gain experience in the Service department, including safety awareness
- Assist with the diagnosis, repair, and reconditioning of machine systems and components
